

Premium Tasmanian Salmon – Fresh

HUON is widely acknowledged as the industry leader in all key aspects of salmon production. We do not support genetically modified products in either our fish stocks or feed.

Our humane "stunners" enable pre-rigor filleting to take place which results in all-round higher quality fish with improved flesh quality and virtually eliminating all signs of gaping and bruising. Our fresh range is available in the following forms:

Whole

Available in a variety of weights, head on and gutted.

Portions

Available skin on, skin off, pin bone in, pin bone out, scaled, vacuum packed, loosely packed, fresh or frozen.

Fillets

Available skin on, skin off, pin bone in, pin bone out, scaled, vacuum packed, loosely packed, fresh or frozen.

Cutlets

Available vacuum packed, loosely packed, fresh or frozen.

Put simply: HUON grows some of the finest salmon in the world.

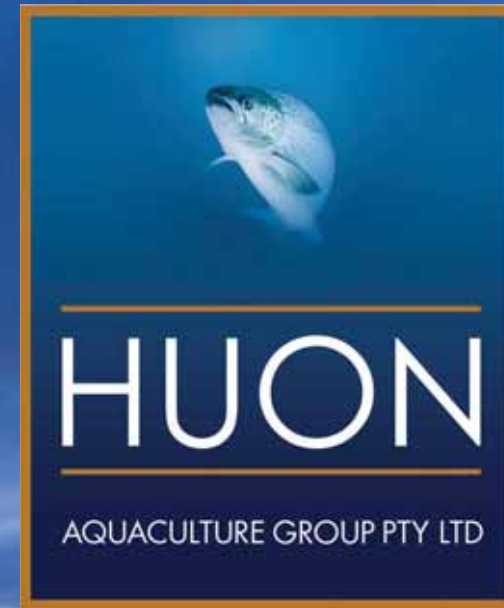

HUON is a highly innovative Australian company which maintains a genuine soul and love of produce. Our commitment is to always strive to do our best and produce the best, in the best place in the world.

HUON METHOD: OUR INNOVATIVE SALMON FARMING PHILOSOPHY

- ✓ **Stress Free** - Raised to mirror the natural life of salmon in the wild.
- ✓ **Well Nourished** - The highest quality feed dispensed by our ingenious feeding system.
- ✓ **Kept Clean and Healthy** - Nurtured in the most spacious enclosures in the world.
- ✓ **Raised with Sustainable Practices** - In the crystal clear open waters of Tasmania.

Try it – you'll taste the difference.

Frozen SS2304H

Hot Smoked Range

HUON Premium Hot Smoked Salmon

Salmon fillets are dry salted and left to cure, then smoked with red-gum logs in kilns using traditional slow smoking methods. The fillets are double-smoked which helps retain the natural oils of the salmon. They are boneless and ready to serve.

10 x Whole Sides Smoked Salmon
(Random Weight)
